AHLDRIN A. ALARCON

Del Pilar Street. Dinalupihan, Bataan • (+63) 9159357139 • ahhhldrinalarcon31@gmail.com • LinkedIn • Portfolio

SUMMARY

BSIT undergraduate specializing in Mobile and Web Application Development, with hands-on experience building full-stack applications, REST APIs, and database-driven systems. Experienced in Flutter, React, Node.js, and PostgreSQL through academic and capstone projects. Seeking an IT internship to apply existing technical knowledge, gain practical industry experience, and further develop technical and collaborative skills.

EDUCATION

National University Manila- 551 M. F. Jhocson Street, Sampaloc, Manila, Philippines, 1008 *Expected September 2027*

Bachelor of Science in Information Technology Major in Mobile and Web Development

- Dean Lister- AY 2023-2024 Term 3

Saint John's Academy Inc. - Rizal Street. Dinalupihan, Bataan *June 2016 - March 2022*

With Honors

Academic Track- Science, Technology, Engineering, and Mathematics

PROJECT EXPERIENCE

Lead Full-Stack Developer | Capstone Project | National University Manila

BiyaHero: A Crowdsourcing Application with Prescriptive Analytics for Commuters

- **Leadership & Architecture:** Led a team of six students and designed a modular system architecture integrating the Flutter commuter app, React admin portal, and Node.js backend API.
- **Front-End Development:** Developed Flutter mobile features for route search, navigation, reporting, and transport suggestions; built React admin interfaces for report moderation and map-based management.
- **Back-End Development:** Developed REST API features for GTFS-based route planning, commuter report management, and route recommendations.
- **Database & Integration:** Integrated PostgreSQL/PostGIS for transit and spatial data, MongoDB for commuter reports, and external mapping services to support application functionality

TECHNICAL SKILLS

- Programming Languages: JavaScript, Java, SQL, Dart
- Web Development: React, Vite, Node.js, Express.js, HTML, CSS
- Mobile Development: Flutter
- Databases: PostgreSQL, PostGIS, MongoDB
- Tools & Platforms: Git, GitHub, Firebase, Postman
- Cybersecurity & Network Analysis: Kali Linux, Nmap, Metasploit Framework, Wireshark

CERTIFICATIONS

- Information Technology Specialist Cybersecurity - CERTIPORT | 2026
- PMI Project Management Ready - CERTIPORT | 2026
